during the drive this week, ap-  
pears on page 8 of today's is-  
sue.

The big Christmas drive for the  
Red Cross membership, the goal for  
which, is 50 per cent of the popula-  
tion, made splendid progress yester-  
day, the first day of the cam-  
paign. The special headquarters in  
the assembly room of the court  
house was the center of Red Cross  
interest and activity throughout the  
day. Canvassers assigned to the  
various sub-divisions in Rushville,  
and many from the out townships of  
the county, reported at headquar-  
ters for supplies and instructions.  
During the afternoon, a number re-  
ported progress in their respective  
territories, and by 5 o'clock over  
300 names had been recorded.

General interest shown in this  
campaign is evidence in the fact  
that many of those whose names  
were enrolled on the first day, called  
at headquarters and signed the  
cards unsolicited.

The brilliant sunshine and higher  
temperature that prevailed through-  
out the day, following as they did a  
week of severe cold weather added  
zest to the campaign, and encour-  
aged the workers to greater activity.  
Special features developed during  
the day which resulted in adding  
many new names to the roster of the  
Rush county chapter, and the re-  
newal of many subscriptions of  
those who are already listed as Red  
Cross members.

### 100 Per Cent Campaign

A meeting of the Rushville  
merchants, bankers and busi-  
ness men representing every  
branch of trade in the city was  
called at the headquarters at the  
court house at 3 o'clock, at  
which over 20 business houses  
were represented.

The purpose of the call,  
which was not known to most of  
those who attended the meet-  
ing until they assembled, was  
explained as a plan to get one  
hundred per cent Red Cross  
membership in every business

## Endorses Idea of Issuing War History Here

Lieut. L. M. Green Writes From  
Camp Shelby, Miss., Commenting  
on What a Splendid Document it  
Will be. All Members of Red  
Cross to be Included.

### LEADS IMPETUS TO THE DRIVE

Writing from Camp Shelby, Miss.,  
Lieut. Lowell M. Green of the 139th  
Field Artillery, infantry, in a let-  
ter addressed to the chairman of the  
Rush county Red Cross, endorses  
the idea of issuing a history of  
Rush county war activities. He com-  
ments on what a splendid document  
it would be and suggests that it in-  
clude the names of men serving in  
the civil and Spanish-American  
wars as well as the present one.

The announcement that all mem-  
bers of the Red Cross will be includ-  
ed in this proposed war history has  
already lent impetus to the mem-  
bership drive. Many have joined be-  
cause they do not care for any his-  
tory to be printed of war activities  
without themselves being numbered  
among those having part in it. The  
war history will be a document  
which will be preserved by future  
generations and naturally no one  
will want their children or grand-  
children to find that they do not do  
their bit back of the lines when the  
country was at war. It will also  
be a document which will be in de-  
mand among former Rush county  
people. They will look through it to  
see if their friends and relatives are  
supporting the war by enrolling in  
the Red Cross.

Lieut. Green's letter follows:

I notice a suggestion that a  
short history of the Rush coun-  
ty war activities for the year of  
1917 be prepared and published.  
It is a splendid idea. If it could  
embrace a list of all of the sol-  
diers enlisting from Rush coun-  
ty in the Civil, Spanish and pre-  
sent wars, as well as other  
features mentioned, it would be  
a valuable historical document.  
The folks "back home" hardly  
realize, I think, the avidity  
with which the "boys" in the  
service read every item of news  
they can obtain relating to the  
home activities along war lines.  
When the boys in khaki see the  
people at home interested and  
busy with war work, they know  
that while they are fronting the  
enemy that the "rear guard" is  
attending to business too, it is a  
great source of encouragement  
to them.

Sincerely Yours,  
LOWELL M. GREEN.

house in the city and those pre-  
sent were asked to pledge  
themselves to see that every  
employee and person connected  
with their respective place of  
business was enrolled as a mem-  
ber of the Red Cross. Practi-  
cally every one present pledged  
the one hundred per cent. It  
developed that a number of the  
firms represented already had  
the required per cent. Owing to  
the very brief notice many of  
the merchants were unable to

## ANOTHER SENATE PROBE

Shipping Situation to be Investi-  
gated—C. A. Piez Named

(By United Press.)

Washington, Dec. 18.—Charles A.  
Piez of Chicago was appointed gen-  
eral manager of the emergency fleet  
corporation to succeed Rear Admi-  
ral Frederick C. Harris, resigned.  
Chairman Hurley of the shipping  
board declared that changes in the  
ship building personnel would not  
delay the program.

The senate this afternoon adopted  
Senator Harding's resolution for in-  
vestigation of the shipping situa-  
tion. Senator Fletcher, chairman  
of the commerce committee, announ-  
ced the investigation would begin at  
once.

## BANS PRACTICES OF THE HOLIDAYS

Federal Food Administrator For  
County Advises Against Killing  
Suckling Pigs.

The federal food administrator of

State Administrator Threatens to  
Take Drastic Steps if Special  
Days Are Not Observed.

### Fixes Bread Prices:

Threat to Close Meat  
Shops and Bakeries

Indianapolis, Ind., Dec. 18.—

Dr. H. A. Barnard, federal food  
administrator for Indiana, to-  
day telegraphed county food  
administrators the following  
prices for bread in the state:

One pound loaf unwrapped,  
7 cents wholesale, 8 cents re-  
tail; wrapped, 8 1/2 cents retail,  
2 loaves for 17 cents.

Barnard stated that if the  
wheatless and meatless days  
were not observed more gener-  
ally he would close down the  
bakeries and butcher shops one  
day each week. He said that  
the days are now observed in  
only the hotels and a minority  
of the homes throughout Indi-  
ana.

### ALSO RAFFLING OFF FOOD

Rush county, M. F. Lovett of Car-  
thage, today made public a list of  
requests regarding food conserva-  
tion, putting under ban many prac-  
tices common to the holidays. There  
are five of them as follows.

(1) Advise dealers and others that  
suckling pigs shall not be killed and  
served as in other years during the  
holidays. The slaughter of imma-  
ture animals must be stopped. Use  
every means to keep hogs on the  
farm until fully matured.

(2) The practice of raffling food,  
of giving prizes consisting of food,  
of holding turkey shoots, is in viola-  
tion of the purpose of the Food Con-  
trol Law and will not be permitted.  
Food must be distributed in its us-  
ual channels to those who need it.

(3) Part of the high cost of milk  
is due to the fact that milk bottles  
are worth five cents apiece. These  
bottles are the property of the milk  
dealers except when they are sold to  
the consumer. Advise junk dealers  
and others that they will not be per-  
mitted to buy or sell second hand  
milk bottles, pop bottles, etc.

(4) Bakers in some instances  
are carrying larger stocks of flour  
than allowed by Rule 10 regulating  
bakers. This rule limits the quanti-  
ty of flour allowable to a thirty  
days' supply. Where flour has been  
bought in good faith advise bakers  
that they may hold such stocks if  
the supply is not more than they  
need for sixty days.

(5) Advise milk dealers that  
they will not be allowed to advance  
the price of milk to consumers with-  
out first securing the permission of  
the Federal Food Administrator for  
the state.

## CONSERVATION TO BE PRACTICED

Grocers Decide to Cut Down Number  
of Deliveries and Close at 6 in  
Evening

### OPEN ON SATURDAY NIGHT

Two Deliveries in Morning, One in  
Afternoon and Saturday Night—  
Benson System Again

The local groceries will close at  
six o'clock and there will be fewer  
deliveries daily as a result of the  
meeting of the grocers using the  
Benson delivery system held at the  
Windsor Hotel last evening when the  
changes in managing the business  
were discussed because of the de-  
sire of the local dealers to practice  
conservation, according to the re-  
quest of the National Council of De-  
fense. A dozen grocers were pres-  
ent at the meeting when these defi-  
nite changes were planned to go into  
effect December 31.

In an endeavor to practise con-  
servation in deliveries the change in  
deliveries will result in the follow-  
ing schedule: the same deliveries at  
8 and 10 o'clock in the morning; one  
delivery in the afternoon at 3 o'clock  
instead of the two that have been at  
2 and 4 o'clock; the Saturday night  
delivery at 7 o'clock instead of 9  
o'clock. Closing the groceries at  
6 o'clock instead of eight will be  
practiced until April, when little fuel  
will be needed to heat the stores  
and less light required. They will be  
open after 6 o'clock Saturday  
nights.

The new plans were unanimously  
adopted by the grocers present as  
was also the Benson delivery system  
for another term of three years. The  
system has for the past three years  
practiced the co-operative scheme of  
delivery that the Council of Defense  
is now recommending. The banquet  
last evening for their patrons was  
given by F. E. Benson of Delphi,  
originator of the system in this city,  
and by John S. Davis, manager and  
owner of the local system. Mr. Ben-  
son has the same system of deliver-  
ies in thirteen nearby cities.

## LILLY BASE HOSPITAL UNIT IS IN FRANCE

Russel Kirkpatrick and Neff Ash-  
worth Are Both With the Or-  
ganization

The Lilly Base Hospital unit has  
safely reached France, is the word  
that has reached this city. The  
date of their arrival is not known,  
the word merely stated that they had  
reached the other coast safely.  
Russel Kirkpatrick and Neff Ash-  
worth, both of this city, were in the  
unit.

James H. Tarplee has received  
word from his son, Arnold G. Tar-  
plee, that he is on his way to  
France. Mr. Tarplee does not know  
when he left or from what port.  
Sergeant Tarplee has been in the  
regular army for several years.

### BULLETIN

Washington, Dec. 18.—The senate  
today concurred in house amendment  
to the national prohibition amend-  
ment 47 to 8. The senate action  
transferred the fight to the state leg-  
islature. Three-fourths must ratify  
the amendment to make it a part of  
the constitution. It passed the house  
last night 282 to 128.

## REPORTS OF KERENSKY

Former Premier Said to be Leading  
Army—Bolsheviki Losing

(By United Press.)

(Copenhagen, Dec. 17.—Former  
Premier Kerensky has appeared  
near Petrograd at the head of sev-  
eral thousand troops, according to  
a dispatch printed today. The dis-  
patch asserted that the Bolsheviki  
had sent out armed forces to meet  
this counter revolution. Whether  
there has been any actual fighting  
between the two forces was not  
stated.

(Stockholm, Dec. 18.—Maximalists  
element is slowly riding to a fall.  
Information today indicated that the  
Petrograd garrison was no longer  
supporting the Bolsheviki and 26 of  
the Russian provinces and territor-  
ies refused to recognize them.

## RISE OF MERCURY HELPS SITUATION

Bad Conditions Due to Cold and  
Shortage of Fuel Are Im-  
proved Since Yesterday

### TWO MORE CARS OF COAL HERE

They Are Sold, However, in Few  
Hours—Two Factories Closed  
Due to Lack of Fuel

Men of Baptist Church  
Solve Fuel Shortage by  
Cutting Their Own Wood.

"Have you any coal at your  
church?" was asked the Rev.  
C. J. Bunnell of the First Bap-  
tist church today.

"No sir," he replied.  
"Well, how did you heat the  
church Sunday?"

"With wood"—and then he  
explained how the men of the  
congregation had met the fuel  
shortage in their own way.  
They organized a party of  
wood choppers and went to the  
home of a farmer member  
where they cut up some dead  
timber. Before the church was  
ever out of coal, there were  
seventeen cords of wood  
tucked away in the basement.  
"And there is another tree  
down waiting on us out there."

The decided rise in temperature  
and the arrival of several cars of  
coal have greatly relieved the situ-  
ation which was growing very ser-  
ious in this community yesterday,  
according to the facts given out by  
County Fuel Administrator Samuel  
L. Trabue. The higher temperature  
which has been promised for sev-  
eral days came shortly before noon  
today when thermometers register-  
ed 34 degrees above zero. The low-  
est temperature in the night was 10  
degrees above zero.

A carload of fuel administration  
coal was received by Theodore Reed  
and Son this morning and three  
hours after its arrival, the supply  
was exhausted. Will Trennepohl re-  
ceived a carload of West Virginia  
coal this morning but he is taking  
no orders merely trying to fill those  
he already has on the books. The  
carload of coal which Mr. Trenne-  
pohl received yesterday was fifteen  
tons short. About four tons had  
been taken from the car which he  
received today. One more car load  
of administration coal is expected  
by Reed and Son in the near future  
although the time of its arrival is  
not known.

The Rushville Furniture Factory  
narrowly escaped having to close  
down by receiving enough coal to  
run them today. Their supply was  
completely gone and the next step  
would have been to close up until  
they succeeded in getting some. The  
Pinnell-Tompkins planing mill start-  
ed up again today after having  
closed down. The Park and Innis-  
Pearce furniture factories are still  
closed awaiting a supply of coal.

## URGED NOT TO DELAY SEEING LEGAL BOARD

Registrants Are Requested to Bring  
in Questionnaires For Filing  
Out at Once.

### ONLY 24 IN UP TO NOON TODAY

Out of These Just Nine Are Com-  
pleted and Filed With Army  
Selection Board.

### CLASSIFICATION IS BEGUN

Affidavits For Deferred Classifica-  
tion Must be Signed in Presence  
of Board.

### Attention Registrants.

All persons who are intending  
to claim deferred classification  
on account of dependency, in-  
dustry or agriculture, should  
bring with them to the court  
house, at the time they make out  
their papers, the person or per-  
sons who are intending to make  
the supporting affidavits, for in-  
stance:

For dependency, he should  
bring all those who are depend-  
ent upon him, who are old  
enough to write their names.

For industry, he should bring  
his immediate superior and the  
executive head of the enter-  
prise.  
For agriculture, his employer  
and a near neighbor. If regis-  
trant owns the land, he should  
bring two near neighbors. If  
he rents the land, he should  
bring the owner of the land and  
one near neighbor.

Every registrant should be  
able to tell what his income has  
been during the past year. He  
should promptly look over the  
questions as soon as he receives  
them, in order that he may  
answer the questions as rapidly  
as possible. Do not delay in  
coming, for in doing so you  
make it impossible for us to do  
the work within the allotted time.

WILL M. SPARKS, Chairman

A complete list of regis-  
trants to whom question-  
naires were mailed Saturday,  
Monday and today appears on  
page 7 of today's issue.

Since only about two dozen regis-  
trants out of a total of 142 to whom  
questionnaires were sent yesterday  
and Saturday, had brought in their  
questionnaires to be filled out, up to  
noon today, the legal advisory board,  
charged with the duty of assisting  
the registrants, expressed the fear  
that they would be unable to wait on  
all the registrants at the last mo-

Russel Sears, the thirteen-year old son of Mr. and Mrs. Earl Sears died last night at the home of his parents near Mays following an illness from typhoid fever. He was the only child in the family. The funeral arrangements have not been completed.

Jasper Smith at the county poor farm is seriously ill, the cause of his illness being senility.

### URGED TO SEE LEGAL BOARD

Continued From Page 1

board.

Up to noon nine questionnaires had been completely filled out and filed with the board. The remainder who had been before the advisory board and its associate members neglected to bring with them persons who had to sign their affidavits seeking deferred classification and had to return home without filing the document.

With nine ready for consideration, the county army selection board went into session this afternoon and began its work of classification. The board has established a private office in the back room of the clerk of the court's office in the court house. The board has to pass on all claims for deferred classification and the claimant may appeal from the decision of the local board to the district board if it is desired.

The legal advisory board emphasized the necessity of registrants calling on the board to fill out their questionnaires as soon as possible after they receive them. The board pointed out that it would do all in its power to assist those who delayed this duty, but that the burden is on the shoulders of the registrant, who is allowed only seven days to file his questionnaire. If he waits too long and the board has more on the waiting list than it can attend to, the registrant will be the one who suffers.

Degree work will be given to a class of candidates at the meeting of the Jr. O. U. A. M. this evening at 7:30 o'clock and the attendance of all members is urged.

Mrs. Hyman Schatz has received word from her son, Harry, that he passed the examination in Indianapolis Saturday and is now stationed at Ft. Thomas, Ky. He joined the coast artillery.

Charles H. Brown, assistant postmaster, talked before the junior and senior high schools this morning urging the young people to invest in Thrift Saving stamps on sale at the postoffice and some of the banks. Mr. Brown described how to buy the stamps, their value, the rate of increase of interest, and their convenience as an investment of small amounts. He complimented the members of the schools who have already invested.

attend the meeting, but the interest manifested by those presented indicated the great majority of the business houses in the city will, before the close of the campaign, have one hundred per cent membership, which will have a splendid effect in encouraging movements in other localities in the county.

Those already having the required one hundred per cent, and those pledging themselves to that quota in their establishments, and who will display posters in their windows showing the number of members, and the white star in the center indicating that every person connected with the business is a member, are as follows: Rush County National Bank, Rush-

# Nervous Wreck Now Live Wire

Makes Everybody Sit Up and Take Notice

One of our big league ball players had been going back for some time, no matter how hard he tried he could not get his old time Pep and Ginger into the game, it was hill work all the time. He was one of those honest hard working fellows and it finally got his "goat," his nerves went bad, he commenced to run down, could not eat or sleep and kept steadily slipping. Doctors and medicines were of no help.

One of his many admirers said to him, "Why not try Phosphated Iron, everybody is boosting it."

Grasping at the last straw, the poor fellow took a try at it. The way he came back was an "eye opener," he was there in every department of the game, his nerves were like iron, he could hit the ball and was no time getting back to the three hundred mark, while his base running and fielding were great.

Discussing the matter with our reporter he said, "Would you believe it, I could feel the Iron chugging my blood with health and strength, while the way the Phosphates steadied and renewed my nerve force was almost too good to believe." Phosphated Iron took hold of me right from the start and sure did make a new man of me, and you can bet I carry a good supply on all my trips."

Doctors will tell you that you must have plenty of Iron and Phosphates in your system if you want pure red blood and steady nerves of Iron. Every one who is run down, nervous tired and has that "all in" feeling should try Phosphated Iron and you will never be without it again.

Special Notice—To insure physicians and patients receiving the genuine Phosphated Iron we have put up in capsules only so do not allow dealers to substitute pills or tablets, insist on the genuine in capsules only. —FITMAN & WILSON and leading druggists everywhere, Rushville Ind. (Adv.)

**Organize Home Guards**  
While we have no desire to figure in the role of an alarmist, we must insist that the states of the union should take prompt action looking to the organization of troops of home guards.

Three years ago we laughed in scorn at the alarmist who tried to point out to us our state of unpreparedness. "America needs an army? Ha! Ha!" was the sentiment of two-thirds of the people. Now we are compassing heaven and earth to equip an army that should have been equipped years ago. We are sending raw troops to France where we should already have veterans in the trenches.

Will we make the same mistake as to guarding our own hearthstones? How long before we will be without

either regular troops or green recruits in the country? They are going by thousands and tens of thousands.

The tension between the United States and Germany is being drawn tighter and tighter as the days pass. German spies and German emissaries abound within our borders. Every day witnesses some act of vandalism traceable to that source. Brazil has a German uprising. Can we assure ourselves that we are proof against the same?

How many times within recent years have disturbances broken out in this country of too great magnitude for the state constabulary to handle? It is of frequent occurrence. Can we say that we have seen the last such? Or if not, when they do occur, to what force will we look to restore order? The troops will be across the waters, or at least out from the states' control and otherwise busily engaged.

Every state in the union, every county in the state, has thousands of able-bodied men, patriotic as any who have marched away, who would be only too glad to be called upon for home defense. These men are above the draft age, but would make none the less efficient soldiers. The state that has not made provision for organizing this element of its manhood for home defense, should lose no time in doing so. No man can tell what a day may bring forth.

We were caught napping once. Let us not repeat the blunder.

## A Dollar Well Spent

What with Liberty bonds, comfort kits, Y. M. C. A. fund, knitting, and numerous other activities to be maintained, it would seem the public has its hands pretty full just now. However there is one cause to which no one of us can afford to be indifferent. In every town and community throughout the land, from now till after Christmas, the little Red Cross Christmas seals will be on sale. No lover of humanity can afford to neglect this noble charity. Not even war itself is the deadly enemy to the human race that the great white plague is. Its ravages extend around the earth, and no human being is exempt. The proceeds

Now when the controlling thought of every true American is How soon we can bring this world's war to a close, it is an imperative necessity that we keep business moving. Every time that a dollar exchanges in merchandising it earns a small net per cent. It is up to you to keep it earning and of vital importance to your country that it does.

Therefore, let us see we do our full share this Christmastide to keep business moving as usual. We will all find that even in times of distress the deep meaning of Xmas will bring its joy.

of the Red Cross Seals are devoted entirely to the rescue of the victims of this scourge. Who can tell that a dollar given to this cause may not be the means of warding this plague from your own loved ones? If you would help the utterly hopeless of earth, rally to the support of the Red Cross fund.

Ever stop to think how miserable you would be if all your fears were to be realized? A jolly old editor kept this gem at the head of his paper: "I have suffered many misfortunes, most of which never happened." Quit worrying and go to work.

No effort is being spared by the girls of the Always Present class of the Christian Sunday school, who are giving the indoor fair tomorrow evening, to make it a "regular fair." It will be held in the room north of the Wilste Store. There will be booths of all kinds. At the vaudeville show, there will be song hits, Miss Gladys Behout will give a reading in costume and a number of other attractive features. An apron sale will occupy one booth, a parcel post sale another, the refreshment stand another. Too there will be a fish pond, fortune tellers and other things necessary for a fair. There will be no admission to the fair itself, only the attractions will require admission. The entire proceeds will go to the Christmas Charity fund to be used by the girls.

### THEY FEASTED THANKSGIVING

Tom Saunders of the 74th company of United States Marines, stationed at a port in France, recently participated in a basketball game played by two companies of Marines, which was won by his company, according to a letter received by Mr. and Mrs. John McCoy, enclosing a clipping giving a brief account of the game.

The clipping is from the Paris edition of the New York Herald. It says that the two companies of Marines played the game as a curtain-raiser to a game of football between a team of artillerymen and a team

## TO SPEND PART OF HOLIDAYS AT HOME

Half of Men at Camp Taylor Will be Here Over Christmas and Half New Years

### FIRST BUNCH LEAVES SOON

The latest information from Camp Taylor, Ky., where more than thirty-six selected men from this county are stationed, is that all selected men will get a furlough either over Christmas or New Years. The first news several days ago was that all selected men would get a furlough during the holidays, but it was feared this would congest traffic and also reduce discipline at the camp. According to the new orders, however, only half of the men will be away at a time.

Rush county has sent forty-two men to the camp, but four of them have been discharged because of physical disabilities, one has been discharged by the president and another is ill at the home of his parents in Bartholomew county. There are also eight officers from here at Camp Taylor, but it is not settled how many of them shall have furloughs.

Those who get Christmas furloughs will leave camp either late Friday or early Saturday, so that all boys from this county who get in with the first bunch may be expected here by Sunday. Because of this arrangement plans being made here to send the men at the camp gifts were called off.

of engineers. The paper states that they "staged a basketball game full of fast passing and pretty shooting, in which Saunders of the winners starred."

Some idea of the way the men of the expeditionary forces feasted on Thanksgiving day may be gleaned by Saunders' letter which stated what they had to eat as follows: turkey, dressing, Irish potatoes, sweet potatoes, cranberries, raisin and pumpkin pie, corn, bread, apples, nuts, cigars, cigarettes and sweet cider.

There will be a called meeting of Phoenix Lodge No. 62 F. & A. M. Tuesday evening at 7:30 p. m. Work in the F. C. Degree. A large attendance is desired.

Honoring their two sons who were married last week, Mr. and Mrs. J. L. English entertained with an elaborate turkey dinner Sunday at their home 7 miles south of the city. The dinner was served at one o'clock and covers at the prettily set table were laid for Mr. and Mrs. Clarence Burnett of Indianapolis, Mr. and Mrs. John O. Hill and son Ralph, Denzil and Reed Mull, and Noble and Helen Mull of Homer, Mr. and Mrs. Frank English and Mr. and Mrs. William English.

Each of the brothers planned their weddings and were married without the knowledge of the other brother's plans. William English was married on last Sunday to Miss Gladys Hill, daughter of Mr. and Mrs. John O. Hill, and Frank English was married on the following Tuesday to Miss Lea Burnett, daughter of Mr. and Mrs. Clarence Burnett of Indianapolis. Mr. and Mrs. Frank English leave after the holidays for Cushing, Okla. where they will make their

home, and Mr. and Mrs. William English will live on the farm of the former's father.

A New Year's Eve ball will be given in the Phi Delta Kappa hall on December 31, which will be one of the social affairs of the holidays. Vansickle's jazz orchestra will play, there will be cabaret, and light refreshments will be served. Of the \$1.25 admission, 25 cents will go to Red Cross.

Mr. and Mrs. James Gray of Union township will celebrate their sixtieth wedding anniversary next Thursday, December 20 at their home, with an informal reception from one until five o'clock. Mr. and Mrs. Gray have lived in this county for many years. They are looking forward to this occasion with great anticipation.

As this was the last meeting of the year for the Ladies Embroidery club of Manilla, the session which was held with Mrs. Clyde Whisman at her home there, yesterday was celebrated as the Christmas meeting and guest day. All of the members were present and each member invited a guest, making the entire attendance about thirty-two. At noon an elegant dinner, with all of the appointments suggestive of the Christmas season, was served. In the afternoon the ladies devoted themselves to Red Cross work. The guests included Mrs. Alma Cotton, Mrs. Clara Gross, Mrs. Deana Whisman, Mrs. Allie Inlow, Mrs. Amy Fox, Mrs. Vaneh Green, Mrs. Dolly Cochran, Mrs. Lizzie Mathews, Mrs. Pearl Miller, Mrs. Bert Heaton, Mrs. Vivian Gross, Mrs. Gully, Mrs. Lizzie Inlow, Mrs. Sarah Edwards, Mrs. Emma Smith, Mrs. Jennie Shelton, Mrs. Maggie Gehimer, Mrs. Mardock, Mrs. Glendolie Burd, Mrs. David Miller, Mrs. H. ## THE CHRISTMAS STORE

# GIFTS OF VALUE

as well as beauty, abound throughout the three floors of this store. If you wish practical gifts, they are here; if you wish gifts that have a distinctive touch, they are here. Come tomorrow and view this vast assemblage of heart gladness. Whether for men, women, boys or girls, or babes, your Yule-tide wants can be most satisfactorily filled here.

### HANDSOME BLOUSES

Our showing of Silk Waists is beautiful indeed. Hundreds of them to choose from. Many attractive plaids are among them.

Upwards from \$3.90.

### ART NOVELTIES

This corner is bright and attractive with all kinds of handwork, finished just as pretty as you could do yourself, and ready to be given.

### THE GIFT CORNER

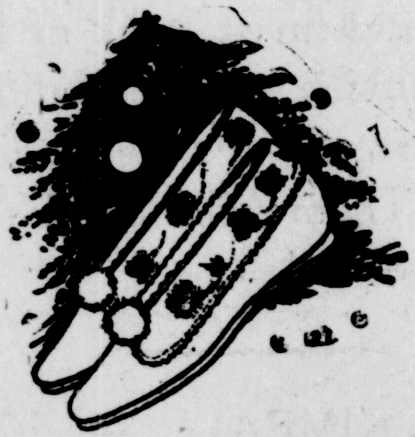

Bright and glittering with all the new season's novelties, you will be attracted particularly to this section. If you are searching for something different, be sure to acquaint yourself with this showing. All that is new in cut glass, silver, baskets, book rocks, candlesticks, smoking stands, shaving sets, nut bowls, travelling roll ups, and electric lamps. Scores of pretty pieces of French Ivory that will grace anyone's dressing table.

### UMBRELLAS

A new shipment is just at hand of serviceable and pretty umbrellas for men, women and children. Upwards from \$1.00.

### RUGS

A small Royal-Ka-Shan rug will certainly please. Neat patterns in wonderful colors in a multitude of designs.

### FOR THE GIRL

You will find the prices most attractive in wool dresses and coats for the school girl. A raincoat would please her, too.

### HOOVER ELECTRIC CLEANERS

Say, man, if you wish to please your wife extraordinarily, give her one of those. We shall be glad to demonstrate it.

### SILK PETTICOATS

The December shipment of Fitrite Petticoats has just arrived. The combinations of color are surely appealing. Don't miss seeing them.

Upwards from \$2.48

### PRESENT YOURSELF

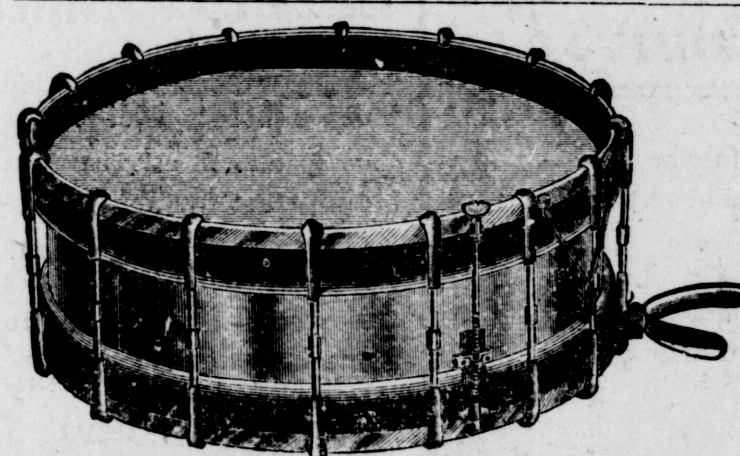

with a tailored suit, dress or coat at the radical reductions we are making on them.

### SILK HOSIERY

Every wanted shade is here. From such a showing you can be certain of finding the color you wish.

### THE LOROPHONE

A talking machine that combines a beautiful appearance with the tone quality of a much higher priced machine at a much lower price. Plays any kind of a record.

## There's But One Safe Way to Buy

I keep in close touch with market conditions of food products. I am correctly informed as to the cash and food value of practically every article of table and baking use. My knowledge and close acquaintance with baking materials and their quality and money worth passed on to you in my articles, should aid in the selection of proper foods at proper prices.

You have often heard the expression that "water seeks its own level." This same thought might well be applied to merchandise.

Inferior merchandise may find a ready demand when first put on the market—but its inferiority is soon found out—and its sale usually takes a slump. Hence I have come to the conclusion that the biggest seller is the best buy.

When some certain brand is given a wide preference over all similar merchandise it means but one thing—*merit* has proved it best.

So it follows that if housewives would purchase only merchandise that meets the greatest demand their buying would be far more satisfactory.

I have noticed invariably that the demand for a product always verifies the value of a product determined by scientific tests—which proves my contention conclusively.

Take baking powder. The biggest selling brand on the market today proved to *me* by the most critical experiments that it is entitled to the preference it has gained.

There are more pounds of Calumet sold than any other brand of baking powder. Usage has proved its superiority—my tests pointed to the same fact. The woman who buys Calumet eliminates all possible waste. She profits by the experience of millions of women who after testing many different brands of baking powder find Calumet best. It is safe to buy because overwhelming choice shows the supreme satisfaction it renders the vast majority of housewives.

I have made investigations and trips through many plants that manufacture food articles, and I have yet to find a finer and better equipped, more up to date, sanitary plant than that of the Calumet Baking Powder Co. Anyone who will visit this plant will readily understand why they should and how they do manufacture baking powder that fills all the requirements.

## NAMES OF REGISTRANTS WHO RECEIVED QUESTIONNAIRES

The third batch of questionnaires were sent out today, this time 72 being mailed to registrants, making a total of two hundred and fourteen which have been sent out since Saturday noon when the mailing started.

Every registrant who is not actually in Camp Taylor gets a questionnaire and is subject to the regulations. This means that the five men who were discharged at Camp Taylor after having been sent there—one by President Wilson and the other four on account of physical unfitness—will have to answer the questions just the same as the registrant who has never been called.

The men receiving questionnaires up to and including today follow:

### GERMAN SPIES AT WORK

Washington, Dec. 18.—German spies entered and robbed the offices of the British war mission here, according to a theory under investigation today. A key to the mission's private United States postoffice box is the principal article missing. Officials deny any information of value is missing.

## A PUFF AND A BLOW.

In a Little While a Pain. Same Misery. No Relief Till Pepsinco is Found. Moral—Keep Pepsinco on the Table and Take After the Meal.

Pepsinco never fails to give almost instant relief in indigestion, dyspepsia, sour stomach, bloating, sick headache. Thousands of satisfied users will vouch for Pepsinco, simply because it is always ready.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign.

Mr. R. said: "I wouldn't be without Pepsinco, if it costs ten times what it does." He said it keeps him well. Many persons say the same. Pepsinco is a true friend. It is guaranteed to help in every instance when the stomach bothers. All druggists recommend it, and sell lots of it.

## GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). 20c and 50c jars; hospital size \$2.50.

**PLENTY OF FRESH  
AIR IS ADVOCATED**

Aid Starvation Causes More Diseases and Deaths Than Many Other Deadly Maladies

**DON'T GET THE BODY CHILLED**

(By United Press.)  
Indianapolis, Ind., Dec. 18.—Dr. J. N. Hurty, of the state board of health, today warned against the danger of not procuring enough fresh air during the cold weather. He said:

"One person died from food starvation in Indiana in 1916 and 7625 persons died from air starvation. The diseases which primarily result from air starvation are—pneumonia, consumption, croup, influenza and indeed all respiratory maladies. Of course, there are predisposing causes alcoholism, immoderation in eating and getting chilled; but still it is fair to say, respiratory troubles are due to air starvation, for the microbes causative of such maladies are obtained from rotten air. The first step to protect oneself against the diseases which ride on air starvation is to breathe plenty of fresh air. The second step is not to abuse the body by eating and drinking, and the last is, don't get chilled."

**TO HAVE GIFT CHRISTMAS**

Observance by United Presbyterians Appropriate This Year

The United Presbyterian church is to observe a "Gift Christmas" this year, which is particularly appropriate for this year although it has been successfully used for several years past. Little cards enclosed in small envelopes bearing the words "My Christmas Gifts" have been given to each member of the Sunday school. Here the members of the school can show what they will "give" for Christmas. The cards bear the words, "Self, Service, Substance," the latter including donations to the Bible Chair fund, Sabbath school work, the boards or any other phase of church. The idea, of course, is emphasized that happiness consists in giving not in receiving.

**CANDY TO DOZEN SAMMIES**

Pupils of Osborne School Send Boxes of Home Made Candy

A dozen boxes of home made candy have been sent by Miss Pansy Newhouse, teacher at Osborne school, to "Sammies" who would not otherwise have been so well remembered Christmas. For several weeks names of these boys have been coming in to Miss Newhouse. The plan made by the children of the school materialized when Robert Holt, father of one of the pupils, offered to furnish the sorghum and maple molasses for all of the candy. Each child in the school made a box and the name of the pupil was put on the box as the one remembering the soldier boys who received it.

**NO ARMISTICE THIS YEAR**

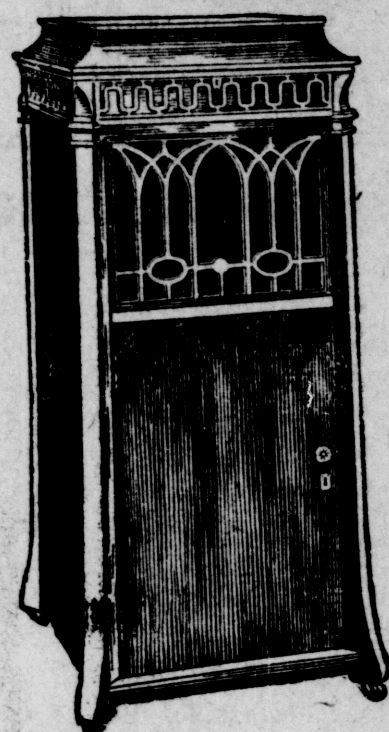

Sammies Will Not Make Truce With Fritz During Holidays

Washington, Dec. 18.—There is no holiday trench armistice between the Fritz and Sammies this Christmas, although Fritz may try it. With a broad hint of peace offering congress is certain the Boche will evince a desire to be friendly during the holidays. Primarily there is no spirit of fraternization among our troops. They are there for business, not for pleasure. The only present the Sammies have for Fritz is a large bundle of explosives.

pears on page 8 of today's is-  
sue.

The big Christmas drive for the  
Red Cross membership, the goal for  
which, is 50 per cent of the popula-  
tion, made splendid progress yester-  
day, the first day of the cam-  
paign. The special headquarters in  
the assembly room of the court  
house was the center of Red Cross  
interest and activity throughout the  
day. Canvassers assigned to the  
various sub-divisions in Rushville,  
and many from the out townships of  
the county, reported at headquar-  
ters for supplies and instructions.  
During the afternoon, a number re-  
ported progress in their respective  
territories; and by 5 o'clock over  
300 names had been recorded.

General interest shown in this  
campaign is evidence in the fact  
that many of those whose names  
were enrolled on the first day, called  
at headquarters and signed the  
cards unsolicited.

The brilliant sunshine and higher  
temperature that prevailed through-  
out the day, following as they did a  
week of severe cold weather added  
zest to the campaign, and encour-  
aged the workers to greater activity.  
Special features developed during  
the day which resulted in adding  
many new names to the roster of the  
Rush county chapter, and the re-  
newal of many subscriptions of  
those who are already listed as Red  
Cross members.

100 Per Cent Campaign

A meeting of the Rushville  
merchants, bankers and busi-  
ness men representing every  
branch of trade in the city was  
called at the headquarters at  
the court house at 3 o'clock, at  
which over 20 business houses  
were represented.

The purpose of the call,  
which was not known to most of  
those who attended the meet-  
ing until they assembled, was  
explained as a plan to get one  
hundred per cent Red Cross  
membership in every business

The proprietors of the Glove  
Factory presented the check to  
Red Cross headquarters Mon-  
day evening for sixty-eight dol-  
lars and today two large Red

the windows of the factory,  
each showing 68 small stars  
representing that number of  
Red Cross members and a

## Endorses Idea of Issuing War History Here

Lieut. L. M. Green Writes From  
Camp Shelby, Miss., Commenting  
on What a Splendid Document it  
Will be. All Members of Red  
Cross to be Included.

LEADS IMPETUS TO THE DRIVE

Writing from Camp Shelby, Miss.,  
Lieut. Lowell M. Green of the 139th  
Field Artillery, infantry, in a let-  
ter addressed to the chairman of the  
Rush county Red Cross, endorses  
the idea of issuing a history of  
Rush county war activities. He com-  
ments on what a splendid document  
it would be and suggests that it in-  
clude the names of men serving in  
the civil and Spanish-American  
wars as well as the present one.

The announcement that all mem-  
bers of the Red Cross will be in-  
cluded in this proposed war history has  
already lent impetus to the member-  
ship drive. Many have joined be-  
cause they do not care for any his-  
tory to be printed of war activities  
without themselves being numbered  
among those having part in it. The  
war history will be a document  
which will be preserved by future  
generations and naturally no one  
will want their children, or grand-  
children to find that they do not do  
their bit back of the lines when the  
country was at war. It will also  
be a document which will be in de-  
mand among former Rush county  
people. They will look through it to  
see if their friends and relatives are  
supporting the war by enrolling in  
the Red Cross.

Lieut. Green's letter follows:

I notice a suggestion that a  
short history of the Rush county  
war activities for the year of  
1917 be prepared and published.  
It is a splendid idea. If it could  
embrace a list of all of the sol-  
diers enlisting from Rush coun-  
ty in the Civil, Spanish and pre-  
sent wars, as well as other  
features mentioned, it would be  
a valuable historical document.  
The folks "back home" hardly  
realize, I think, the avidity  
with which the "boys" in the  
service read every item of news  
they can obtain relating to the  
home activities along war lines.  
When the boys in khaki see the  
people at home interested and  
busy with war work, they know  
that while they are fronting the  
enemy that the "rear guard" is  
attending to business too, it is a  
great source of encouragement  
to them.

Sincerely Yours,  
LOWELL M. GREEN.

house in the city and those pre-  
sent were asked to pledge  
themselves to see that every  
employee and person connected  
with their respective place of  
business was enrolled as a mem-  
ber of the Red Cross. Practi-  
cally every one present pledged  
the one hundred per cent. It  
developed that a number of the  
firms represented already had  
the required per cent. Owing to  
the very brief notice many of  
the merchants were unable to

eral manager of the emergency fleet  
corporation to succeed Rear Admi-  
ral Frederick C. Harris, resigned.  
Chairman Hawley of the shipping  
board declared that changes in the  
ship building personnel would not  
delay the program.

The senate this afternoon adopted  
Senator Harding's resolution for in-  
vestigation of the shipping situa-  
tion. Senator Fletcher, chairman  
of the commerce committee, announ-  
ced the investigation would begin at  
once.

## BANS PRACTICES OF THE HOLIDAYS

Federal Food Administrator For  
County Advises Against Killing  
Suckling Pigs.

State Administrator Threatens to  
Take Drastic Steps if Special  
Days Are Not Observed.

Fixes Bread Prices;  
Threat to Close Meat  
Shops and Bakeries

Indianapolis, Ind., Dec. 18.—  
Dr. H. A. Barnard, federal food  
administrator for Indiana, to-  
day telegraphed county food  
administrators the following  
prices for bread in the state:  
One pound loaf unwrapped,  
7 cents wholesale, 8 cents re-  
tail; wrapped, 8 1/2 cents retail,  
2 loaves for 17 cents.  
Barnard stated that if the  
wheatless and meatless days  
were not observed more gener-  
ally he would close down the  
bakeries and butcher shops one  
day each week. He said that  
the days are now observed in  
only the hotels and a minority  
of the homes throughout Indi-  
ana.

ALSO RAFFLING OFF FOOD

Rush county, M. F. Lovett of Car-  
thage, today made public a list of  
requests regarding food conserva-  
tion, putting under ban many prac-  
tices common to the holidays. There  
are five of them as follows.

(1) Advise dealers and others that  
suckling pigs shall not be killed and  
served as in other years during the  
holidays. The slaughter of immat-  
ure animals must be stopped. Use  
every means to keep hogs on the  
farm until fully matured.

(2) The practice of raffling food,  
of giving prizes consisting of food,  
of holding turkey shoots, is in viola-  
tion of the purpose of the Food Con-  
trol Law and will not be permitted.  
Food must be distributed in its us-  
ual channels to those who need it.

(3) Part of the high cost of milk  
is due to the fact that milk bottles  
are worth five cents apiece. These  
bottles are the property of the milk  
dealers except when they are sold to  
the consumer. Advise junk dealers  
and others that they will not be per-  
mitted to buy or sell second hand  
milk bottles, pop bottles, etc.

(4) Bakers in some instances  
are carrying larger stocks of flour  
than allowed by Rule 10 regulating  
bakers. This rule limits the quanti-  
ty of flour allowable to a thirty  
days' supply. Where flour has been  
bought in good faith advise bakers  
that they may hold such stocks if  
the supply is not more than they  
need for sixty days.

(5) Advise milk dealers that  
they will not be allowed to advance  
the price of milk to consumers with-  
out first securing the permission of  
the Federal Food Administrator for  
the state.

## CONSERVATION TO BE PRACTICED

Grocers Decide to Cut Down Number  
of Deliveries and Close at 6 in  
Evening

OPEN ON SATURDAY NIGHT

Two Deliveries in Morning, One in  
Afternoon and Saturday Night—  
Benson System Again

The local groceries will close at  
six o'clock and there will be fewer  
deliveries daily as a result of the  
meeting of the grocers using the  
Benson delivery system held at the  
Windsor Hotel last evening when the  
changes in managing the business  
were discussed because of the de-  
sire of the local dealers to practice  
conservation, according to the re-  
quest of the National Council of De-  
fense. A dozen grocers were pres-  
ent at the meeting when these defi-  
nite changes were planned to go into  
effect December 31.

In an endeavor to practice con-  
servation in deliveries the change in  
deliveries will result in the follow-  
ing schedule: the same deliveries at  
8 and 10 o'clock in the morning; one  
delivery in the afternoon at 3 o'clock  
instead of the two that have been at  
2 and 4 o'clock; the Saturday night  
delivery at 7 o'clock instead of 9  
o'clock. Closing the groceries at  
6 o'clock instead of eight will be  
practiced until April, when little fuel  
will be needed to heat the stores  
and less light required. They will be  
open after 6 o'clock Saturday  
nights.

The new plans were unanimously  
adopted by the grocers present as  
was also the Benson delivery system  
for another term of three years. The  
system has for the past three years  
practiced the co-operative scheme of  
delivery that the Council of Defense  
is now recommending. The banquet  
last evening for their patrons was  
given by F. E. Benson of Delphi,  
originator of the system in this city,  
and by John S. Davis, manager and  
owner of the local system. Mr. Ben-  
son has the same system of deliv-  
eries in thirteen nearby cities.

## LILLY BASE HOSPITAL UNIT IS IN FRANCE

Russel Kirkpatrick and Neff Ash-  
worth Are Both With the Or-  
ganization

The Lilly Base Hospital unit has  
safely reached France, is the word  
that has reached this city. The  
date of their arrival is not known,  
the word merely stated that they had  
reached the other coast safely.  
Russel Kirkpatrick and Neff Ash-  
worth, both of this city, were in the  
unit.

James H. Tarplee has received  
word from his son, Arnold G. Tar-  
plee, that he is on his way to  
France. Mr. Tarplee does not know  
when he left or from what port.  
Sergeant Tarplee has been in the  
regular army for several years.

## REPORTS OF KERENSKY

Former Premier Said to be Leading  
Army—Bolsheviki Losing

(By United Press.)

(Copenhagen, Dec. 17.—Former  
Premier Kerensky has appeared  
near Petrograd at the head of sev-  
eral thousand troops, according to  
a dispatch printed today. The dis-  
patch asserted that the Bolsheviki  
had sent out armed forces to meet  
this counter revolution. Whether  
there has been any actual fighting  
between the two forces was not  
stated.

Stockholm, Dec. 18.—Maximalists  
element is slowly riding to a fall.  
Information today indicated that the  
Petrograd garrison was no longer  
supporting the Bolsheviki and 26 of  
the Russian provinces and territor-  
ies refused to recognize them.

## RISE OF MERCURY HELPS SITUATION

Bad Conditions Due to Cold and  
Shortage of Fuel Are Im-  
proved Since Yesterday

TWO MORE CARS OF COAL HERE

They Are Sold, However, in Few  
Hours—Two Factories Closed  
Due to Lack of Fuel

Men of Baptist Church  
Solve Fuel Shortage by  
Cutting Their Own Wood.

"Have you any coal at your  
church?" was asked the Rev.  
C. J. Bannell of the First Bap-  
tist church today.  
"No sir," he replied.  
"Well, how did you heat the  
church Sunday?"  
"With wood"—and then he  
explained how the men of the  
congregation had met the fuel  
shortage in their own way.  
They organized a party of  
wood choppers and went to the  
home of a farmer member  
where they cut up some dead  
timber. Before the church was  
ever out of coal, there were  
seventeen cords of wood  
tucked away in the basement.  
"And there is another tree  
down waiting on us out there."

The decided rise in temperature  
and the arrival of several cars of  
coal have greatly relieved the situ-  
ation which was growing very ser-  
ious in this community yesterday,  
according to the facts given out by  
County Fuel Administrator Samuel  
L. Trabue. The higher temperature  
which has been promised for sev-  
eral days came shortly before noon  
today when thermometers register-  
ed 34 degrees above zero. The low-  
est temperature in the night was 10  
degrees above zero.

A carload of fuel administration  
coal was received by Theodore Reed  
and Son this morning and three  
hours after its arrival, the supply  
was exhausted. Will Trennepohl re-  
ceived a carload of West Virginia  
coal this morning but he is taking  
no orders merely trying to fill those  
he already has on the books. The  
carload of coal which Mr. Trenne-  
pohl received yesterday was fifteen  
tons short. About four tons had  
been taken from the car which he  
received today. One more car load  
of administration coal is expected  
by Reed and Son in the near future  
although the time of its arrival is  
not known.

The Rushville Furniture Factory  
narrowly escaped having to close  
down by receiving enough coal to  
run them today. Their supply was  
completely gone and the next step  
would have been to close up until  
they succeeded in getting some. The  
Pinnell-Tompkins planing mill start-  
ed up again today after having  
closed down. The Park and Innis  
Reed furniture factories are still  
open.

## URGED NOT TO DELAY SEEING LEGAL BOARD

Registrants Are Requested to Bring  
in Questionnaires For Filling  
Out at Once.

ONLY 24 IN UP TO NOON TODAY

Out of These Just Nine Are Com-  
pleted and Filed With Army  
Selection Board.

CLASSIFICATION IS BEGUN

Affidavits For Deferred Classifica-  
tion Must be Signed in Presence  
of Board.

Attention Registrants.

All persons who are intending  
to claim deferred classification  
on account of dependency, in-  
dustry or agriculture, should  
bring with them to the court  
house, at the time they make out  
their papers, the person or per-  
sons who are intending to make  
the supporting affidavits, for in-  
stance:

For dependency, he should  
bring all those who are depend-  
ent upon him, who are old  
enough to write their names.

For industry, he should bring  
his immediate superior and the  
executive head of the enter-  
prise.

For agriculture, his employer  
and a near neighbor. If regis-  
trant owns the land, he should  
bring two near neighbors. If  
he rents the land, he should  
bring the owner of the land and  
one near neighbor.

Every registrant should be  
able to tell what his income has  
been during the past year. He  
should promptly look over the  
questions as soon as he receives  
them, in order that he may  
answer the questions as rapidly  
as possible. Do not delay in  
coming, for in doing so you  
make it impossible for us to do  
the work within the allotted time.

WILL M. SPARKS, Chairman

A complete list of regis-  
trants to whom ques-  
tionnaires were mailed Saturday,  
Monday and today appears on  
page 7 of today's issue.

Since only about two dozen regis-  
trants out of a total of 142 to whom  
questionnaires were sent yesterday  
and Saturday, had brought in their  
questionnaires to be filled out, up to  
noon today, the legal advisory board,  
charged with the duty of assisting  
the registrants, expressed the fear  
that they would be unable to wait on  
all the registrants at the last mo-  
ment if they delayed coming to the

### BOY DIES OF TYPHOID

Russel Sears, the thirteen-year old son of Mr. and Mrs. Earl Sears died last night at the home of his parents near Mays following an illness from typhoid fever. He was the only child in the family. The funeral arrangements have not been completed.

Jasper Smith at the county poor farm is seriously ill, the cause of his illness being senility.

### URGED TO SEE LEGAL BOARD

Continued From Page 1

Up to noon nine questionnaires had been completely filled out and filed with the board. The remainder who had been before the advisory board and its associate members neglected to bring with them persons who had to sign their affidavits seeking deferred classification and had to return home without filing the document.

With nine ready for consideration, the county army selection board went into session this afternoon and began its work of classification. The board has established a private office in the back room of the clerk of the court's office in the court house. The board has to pass on all claims for deferred classification and the claimant may appeal from the decision of the local board to the district board if it is desired.

The legal advisory board emphasized the necessity of registrants calling on the board to fill out their questionnaires as soon as possible after they receive them. The board pointed out that it would do all in its power to assist those who delayed this duty, but that the burden is on the shoulders of the registrant, who is allowed only seven days to file his questionnaire. If he waits too long and the board has more on the waiting list than it can attend to, the registrant will be the one who suffers.

Degree work will be given to a class of candidates at the meeting of the Jr. O. U. A. M. this evening at 7:30 o'clock and the attendance of all members is urged.

Mrs. Hyman Schatz has received word from her son, Harry, that he passed the examination in Indianapolis Saturday and is now stationed at Ft. Thomas, Ky. He joined the coast artillery.

# Nervous Wreck Now Live Wire

Makes Everybody Sit Up and Take Notice

One of our big league ball players had been going back for some time, no matter how hard he tried he could not get his old time Pep and Ginger into the game, it was hill work all the time. He was one of those honest hard working fellows and it finally got his "goat," his nerves went bad, he commenced to run down, could not eat or sleep and kept steadily slipping. Doctors and medicines were of no help.

One of his many admirers said to him, "Why not try Phosphated Iron, everybody is boosting it."

Grasping at the last straw, the poor fellow took a try at it. The way he came back was an "eye opener," he was there in every department of the game, his nerves were like iron, he could hit the ball and was no time getting back to the three hundred mark, while his base running and fielding were great.

Discussing the matter with our reporter he said, "Would you believe it, I could feel the Iron changing my blood with health and strength, while the way the Phosphates steadied and renewed my nerve force was almost too good to believe." Phosphated Iron took hold of me right from the start and sure did make a new man of me, and you can bet I carry a good supply on all my trips."

Doctors will tell you that you must have plenty of Iron and Phosphates in your system if you want pure red blood and steady nerves of Iron. Every one who is run down, nervous tired and has that "all in" feeling should try Phosphated Iron and you will never be without it again.

Special Notice—To insure physicians and patients receiving the genuine Phosphated Iron we have put up in capsules only so do not allow dealers to substitute pills or tablets, insist on the genuine in capsules only. —PUTMAN & WILSON and leading druggists everywhere, Rushville Ind. (Adv.)

## Organize Home Guards

While we have no desire to figure in the role of an alarmist, we must insist that the states of the union should take prompt action looking to the organization of troops of home guards.

Three years ago we laughed in scorn at the alarmist who tried to point out to us our state of unpreparedness. "America needs an army! Ha! Ha!" was the sentiment of two-thirds of the people. Now we are compassing heaven and earth to equip an army that should have been equipped years ago. We are sending raw troops to France where we should already have veterans in the trenches.

Will we make the same mistake as to guarding our own hearthstones? How long before we will be without

either regular troops or green recruits in the country? They are going by thousands and tens of thousands.

The tension between the United States and Germany is being drawn tighter and tighter as the days pass. German spies and German emissaries abound within our borders. Every day witnesses some act of vandalism traceable to that source. Brazil has a German uprising. Can we assure ourselves that we are proof against the same?

How many times within recent years have disturbances broken out in this country of too great magnitude for the state constabulary to handle? It is of frequent occurrence. Can we say that we have seen the last such? Or if not, when they do occur, to what force will we look to restore order? The troops will be across the waters, or at least out from the states' control and otherwise busily engaged.

Every state in the union, every county in the state, has thousands of able-bodied men, patriotic as any who have marched away, who would be only too glad to be called upon for home defense. These men are above the draft age, but would make none the less efficient soldiers. The state that has not made provision for organizing this element of its manhood for home defense, should lose no time in doing so. No man can tell what a day may bring forth.

We were caught napping once. Let us not repeat the blunder.

## A Dollar Well Spent

What with Liberty bonds, comfort kits, Y. M. C. A. fund, knitting, and numerous other activities to be maintained, it would seem the public has its hands pretty full just now. However there is one cause to which no one of us can afford to be indifferent. In every town and community throughout the land, from now till after Christmas, the little Red Cross Christmas seals will be on sale. No lover of humanity can afford to neglect this noble charity. Not even war itself is the deadly enemy to the human race that the great white plague is. Its ravages extend around the earth, and no human being is exempt. The proceeds

of the Red Cross Seals are devoted entirely to the rescue of the victims of this scourge. Who can tell that a dollar given to this cause may not be the means of warding this plague from your own loved ones? If you would help the utterly hopeless of earth, rally to the support of the Red Cross fund.

Ever stop to think how miserable you would be if all your fears were to be realized? A jolly old editor kept this gem at the head of his paper: "I have suffered many misfortunes, most of which never happened." Quit worrying and go to work.

The report that the government will require all available supplies of castor oil, will be received with delight by the youngster who has eaten too much supper.

What has become of the old-time butcher who used to throw in a piece of liver with a soup bone and a piece of fat as big as your fist with a chunk of roast?

Will be Tomorrow Night in Room on Main Street

No effort is being spared by the girls of the Always Present class of the Christian Sunday school, who are giving the indoor fair tomorrow evening, to make it a "regular fair." It will be held in the room north of the Wilste. Store. There will be booths of all kinds. At the vaudeville show, there will be song hits, Miss Gladys Bebout will give a reading in costume and a number of other attractive features. An apron sale will occupy one booth, a parcel post sale another, the refreshment stand another. Too there will be a fish pond, fortune tellers and other things necessary for a fair. There will be no admission to the fair itself, only the attractions will require admission. The entire proceeds will go to the Christmas Charity fund to be used by the girls.

### SAUNDERS STARS IN A BASKETBALL GAME

Marine From Here Sends Clipping From Paris Paper Telling of Contest His Company Won

#### THEY FEASTED THANKSGIVING

Tom Saunders of the 74th company of United States Marines, stationed at a port in France, recently participated in a basketball game played by two companies of Marines, which was won by his company, according to a letter received by Mr. and Mrs. John McCoy, enclosing a clipping giving a brief account of the game.

The clipping is from the Paris edition of the New York Herald. It says that the two companies of Marines played the game as a curtain-raiser to a game of football between a team of artillerymen and a team

### TO SPEND PART OF HOLIDAYS AT HOME

Half of Men at Camp Taylor Will be Here Over Christmas and Half New Years

#### FIRST BUNCH LEAVES SOON

The latest information from Camp Taylor, Ky., where more than thirty-six selected men from this county are stationed, is that all selected men will get a furlough either over Christmas or New Years. The first news several days ago was that all selected men would get a furlough during the holidays, but it was feared this would congest traffic and also reduce discipline at the camp. According to the new orders, however, only half of the men will be away at a time.

Rush county has sent forty-two men to the camp, but four of them have been discharged because of physical disabilities, one has been discharged by the president and another is ill at the home of his parents in Bartholomew county. There are also eight officers from here at Camp Taylor, but it is not settled how many of them shall have furloughs.

Those who get Christmas furloughs will leave camp either late Friday or early Saturday, so that all boys from this county who get in with the first bunch may be expected here by Sunday. Because of this arrangement plans being made here to send the men at the camp gifts were called off.

The paper states that they "staged a basketball game full of fast passing and pretty shooting, in which Saunders of the winners starred."

Some idea of the way the men of the expeditionary forces feasted on Thanksgiving day may be gleaned by Saunders' letter which stated what they had to eat as follows: turkey, dressing, Irish potatoes, sweet potatoes, cranberries, raisin and pumpkin pie, corn, bread, apples, nuts, cigars, cigarettes and sweet cider.

There will be a Called meeting of Epsilon Lodge No. 62 F. & A. M. Tuesday evening at 7:30 p. m. Work in the F. C. Degree. A large attendance is desired.

Honoring their two sons who were married last week, Mr. and Mrs. J. L. English entertained with an elaborate turkey dinner Sunday at their home 7 miles south of the city. The dinner was served at one o'clock and covers at the prettily set table were laid for Mr. and Mrs. Clarence Burnett of Indianapolis, Mr. and Mrs. John O. Hill and son Ralph, Denzil and Reed Mull, and Noble and Helen Mull of Homer, Mr. and Mrs. Frank English and Mr. and Mrs. William English.

Each of the brothers planned their weddings and were married with the knowledge of the other brother's plans. William English was married on last Sunday to Miss Gladys Hill, daughter of Mr. and Mrs. John O. Hill, and Frank English was married on the following Tuesday to Miss Lea Burnett, daughter of Mr. and Mrs. Clarence Burnett of Indianapolis. Mr. and Mrs. Frank English leave after the holidays for Cushing, Okla. where they will make their

home, and Mr. and Mrs. William English will live on the farm of the former's father.

A New Year's Eve ball will be given in the Phi Delta Kappa hall on December 31, which will be one of the social affairs of the holidays. Vansickle's jazz orchestra will play, there will be cabaret, and light refreshments will be served. Of the \$1.25 admission, 25 cents will go to Red Cross.

Mr. and Mrs. James Gray of Union township will celebrate their sixtieth wedding anniversary next Thursday, December 20 at their home, with an informal reception from one until five o'clock. Mr. and Mrs. Gray have lived in this county for many years. They are looking forward to this occasion with great anticipation.

The Ladies Aid society of the First Baptist church will have an

As this was the last meeting of the year for the Ladies Embroidery club of Manilla, the session which was held with Mrs. Clyde Whisman at her home there, yesterday was celebrated as the Christmas meeting and guest day. All of the members were present and each member invited a guest, making the entire attendance about thirty-two. At noon an elegant dinner, with all of the appointments suggestive of the Christmas season, was served. In the afternoon the ladies devoted themselves to Red Cross work. The guests included Mrs. Alma Cotton, Mrs. Clara Gross, Mrs. Deana Whising, Mrs. Allie Inlow, Mrs. Amy Fox, Mrs. Vaneh Green, Mrs. Dolly Cochran, Mrs. Lizzie Mathews, Mrs. Pearl Miller, Mrs. Bert Heaton, Mrs. Vivian Gross, Mrs. Gully, Mrs. Lizzie Inlow, Mrs. Sarah Edwards, Mrs. Emma Smith, Mrs. Jennie Shelton, Mrs. Maggie Gehmer, Mrs. Muriel Dock, Mrs. Glendole Burd, Mrs. David Miller, Mrs. H. Twelve members of the Sunday school class of St. Paul's M. E. church taught by Miss Helen Squander were entertained by her at her home in West Second street last evening at a pitch-in supper. The girls enjoyed a delicious meal and afterwards played interesting games of various kinds. During the short business meeting, plans were made for the Christmas baskets which they will distribute.

Honoring Carl Webb, scout master of the Christian church troop of Boy Scouts, who is to leave for Morristown soon to accept a position, the Boy Scouts are giving a supper tomorrow evening in the basement of the Christian church. A scout meeting will follow the service of the pitch-in supper.

## There's But One Safe Way to Buy

I keep in close touch with market conditions of food products. I am correctly informed as to the cash and food value of practically every article of table and baking use. My knowledge and close acquaintance with baking materials and their quality and money worth passed on to you in my articles, should aid in the selection of proper foods at proper prices.

You have often heard the expression that "water seeks its own level." This same thought might well be applied to merchandise.

Inferior merchandise may find a ready demand when first put on the market—but its inferiority is soon found out—and its sale usually takes a slump. Hence I have come to the conclusion that the biggest seller is the best buy.

When some certain brand is given a wide preference over all similar merchandise it means but one thing—merit has proved it best.

So it follows that if housewives would purchase only merchandise that meets the greatest demand their buying would be far more satisfactory.

I have noticed invariably that the demand for a product always verifies the value of a product determined by scientific tests—which proves my contention conclusively.

Take baking powder. The biggest selling brand on the market today proved to me by the most critical experiments that it is entitled to the preference it has gained.

There are more pounds of Calumet sold than any other brand of baking powder. Usage has proved its superiority—my tests pointed to the same fact. The woman who buys Calumet eliminates all possible waste. She profits by the experience of millions of women who after testing many different brands of baking powder find Calumet best. It is safe to buy because overwhelming choice shows the supreme satisfaction it renders the vast majority of housewives.

I have made investigations and trips through many plants that manufacture food articles, and I have yet to find a finer and better equipped, more up to date, sanitary plant than that of the Calumet Baking Powder Co. Anyone who will visit this plant will readily understand why they should and how they do manufacture baking powder that fills all the requirements.

*Maudie Marie Costello*

NOTE—Miss Costello is already well known to most of the ladies of our city. She is of the Domestic Science Branch of the University of Chicago, a graduate of Lewis Institute, Supervisor of Domestic Science in Public Schools, Special Lecturer on Domestic Arts and Economy, Special Lecturer to the Women's Clubs.

We are publishing a series of her most important articles.

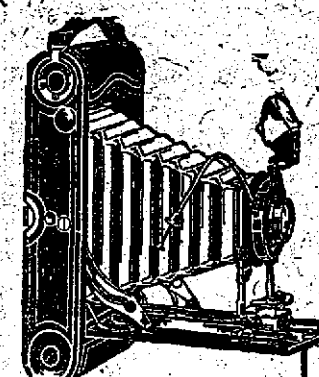

## NAMES OF REGISTRANTS WHO RECEIVED QUESTIONNAIRES

The third batch of questionnaires were sent out today, this time 72 being mailed to registrants, making a total of two hundred and fourteen which have been sent out since Saturday noon when the mailing started.

Every registrant who is not actually in Camp Taylor gets a questionnaire and is subject to the regulations. This means that the five men who were discharged at Camp Taylor after having been sent there—one by President Wilson and the other four on account of physical unfitness—will have to answer the questions just the same as the registrant who has never been called. ## Detroit Weatherproof Detachable Tops

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm, absolutely storm-tight from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof top becomes an integral part of your Ford at a very reasonable cost.

**PLENTY OF FRESH  
AIR IS ADVOCATED**

Aid Starvation Causes More Diseases and Deaths Than Many Other Deadly Maladies.

**DON'T GET THE BODY CHILLED**

(By United Press.)  
Indianapolis, Ind., Dec. 18.—Dr. J. N. Hurty, of the state board of health, today warned against the danger of not procuring enough fresh air during the cold weather. He said:

"One person died from food starvation in Indiana in 1916 and 7625 persons died from air starvation. The diseases which primarily result from air starvation are—pneumonia, consumption, croup, influenza and indeed all respiratory maladies. Of course, there are predisposing causes alcoholism, immobility in eating and getting chilled; but still it is fair to say, respiratory troubles are due to air starvation, for the microbes causative of such maladies are obtained from rotten air. The first step to protect oneself against the diseases which ride on air starvation is to breathe plenty of fresh air. The second step is not to abuse the body by eating and drinking, and the last is, don't get chilled."

**TO HAVE GIFT CHRISTMAS**

Observance by United Presbyterians Appropriate This Year

The United Presbyterian church is to observe a "Gift Christmas" this year, which is particularly appropriate for this year although it has been successfully used for several years past. Little cards enclosed in small envelopes bearing the words "My Christmas Gifts" have been given to each member of the Sunday school. Here the members of the school can show what they will "give" for Christmas. The cards bear the words, "Self, Service, Substitution," the latter including donations to the Bible Chair fund, Sabbath school work, the boards or any other phase of church. The idea, of course, is emphasized that happiness consists in giving not in receiving.

**CANDY TO DOZEN SAMMIES**

Pupils of Osborne School Send Boxes of Home Made Candy

A dozen boxes of home made candy have been sent by Miss Panay Newhouse, teacher at Osborne school, to "Sammies" who would not otherwise have been so well remembered Christmas. For several weeks names of these boys have been coming in to Miss Newhouse. The plan made by the children of the school materialized when Robert Holt, father of one of the pupils, offered to furnish the sorghum and maple molasses for all of the candy. Each child in the school made a box and the name of the pupil was put on the box as the one remembering the soldier boys who received it.

**NO ARMISTICE THIS YEAR**

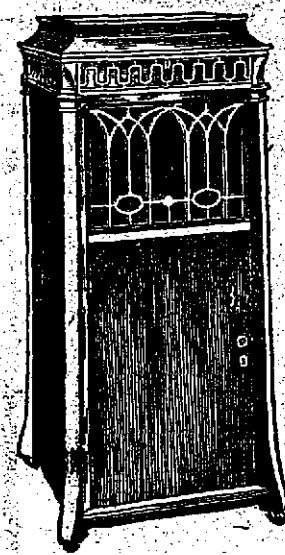

Sammies Will Not Make Truce With Fritz During Holidays

Washington, Dec. 18.—There is no holiday truce armistice between the Fritz and Sammies this Christmas, although Fritz may try it. With a broad hint of peace offering congress is certain the Boche will evince a desire to be friendly during the holidays. Primarily there is no spirit of fraternization among our troops. They are there for business, not for pleasure. The only present the Sammies have for Fritz is a large bundle of explosives.
